Re: Case #2006-00331, Mallard Point Disposal Systems, Inc.

Ms. O'Donnell:

With regard to the Public Service Commission case number 2006-00331 filed for only non-recurring charges, I respectfully request written notification of any persons other than the attorney general who wish to intervene so that I may have the opportunity to object prior to any approval.

This request is made as a result of the past history of certain individuals soliciting others' participation along with themselves to ask and submit duplicitous questions to increase the cost and confuse and obstruct the process. I have in the interest of the rate payers had PSC staff assistance in the preparation and filing of this case. I have also made this filing without counsel participation to further minimize costs to the rate payer.

I am sure that you will understand that should a number of interveners begin to attack my filings as we have experienced in the past, I will retain counsel immediately and will seek this additional cost to be recovered in yet another rate increase which will be filed at the earliest opportunity.

Most respectfully submitted,

Mark S. Smith

Mark S. Smith, President
